

201-1

Janet Pray takes a simple project and enhances it with a unique twist to create a moebius scarf.

Moebius Scarf

Design by Janet Pray

Moebius Scarf Directions

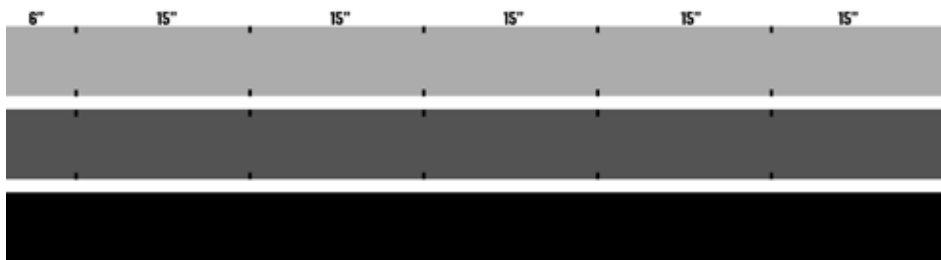

MATERIALS NEEDED

- 3 strips of drapable and lightweight contrasting fabric 81" (2¼ yds) long by 6" tall.
- Thread

SCARF CONSTRUCTION

VIEW A

1. Cut 3 strips of contrasting fabric with soft drape, 6" by 81".
2. Make 1/4" slits every 15" along both long sides of each strip. This will leave the last slit only 6" from the end.

3. Right Sides Together (RST), sew the strips together along the long edge with 1/2" seam allowance, matching the slits. Press seam allowance to darkest or least transparent strip.

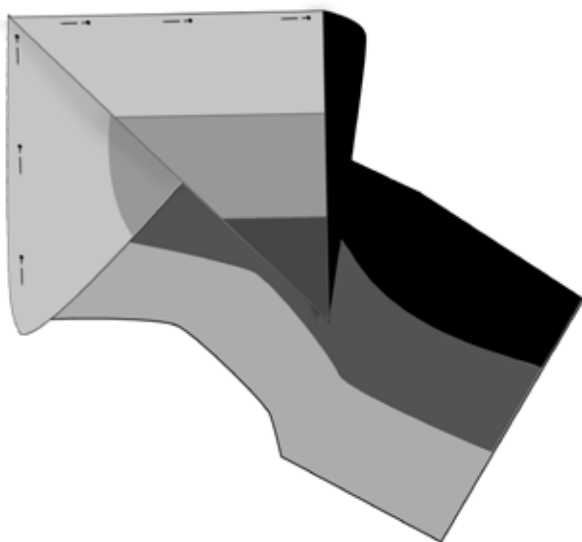

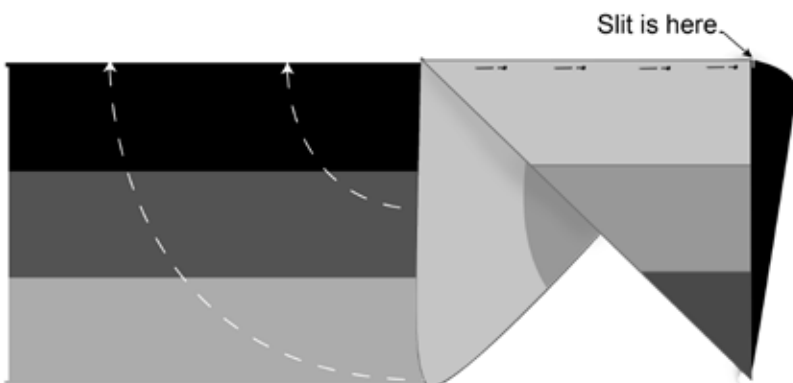

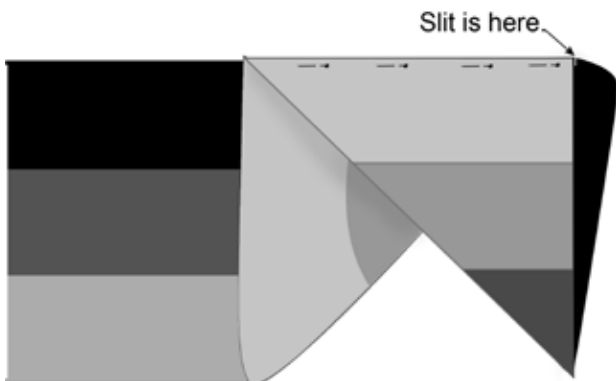

4. Right side up, starting at the end where first slit is 15" from the end, take the bottom corner and place it on the left side of first slit along the top edge.

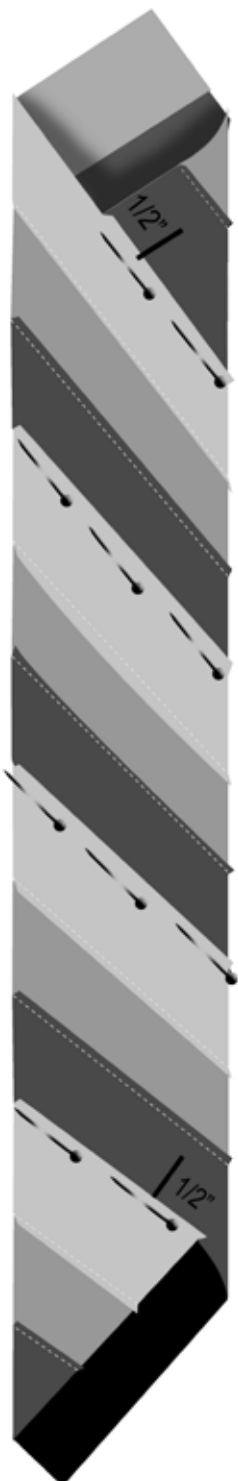

VIEWS A & B

5. Pin the corner in place.

6. Continue pinning the long edges, RST, matching slits. This will twist the entire project.

7. RST, starting and stopping 1/2" from each end and rotating the scarf as you go, stitch the long edges together with 1/2" seam allowance.

Press seam allowance to darkest or least transparent strip.

8. Turn scarf right side out.
9. Lay the scarf flat (as illustrated).

10. Fold both ends in to meet each other.

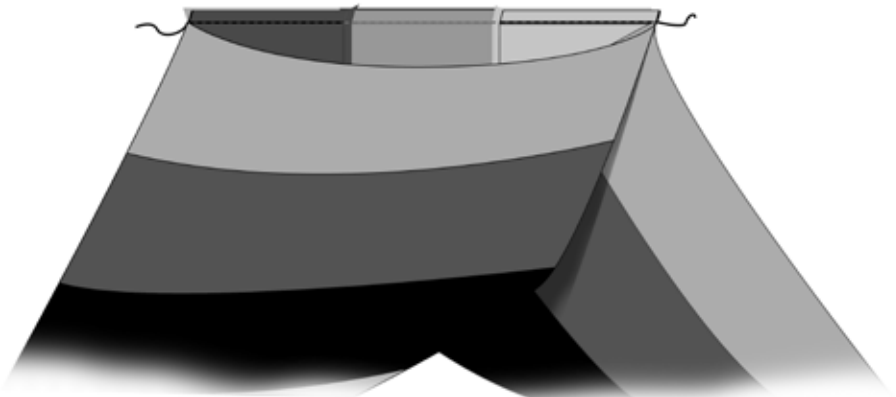

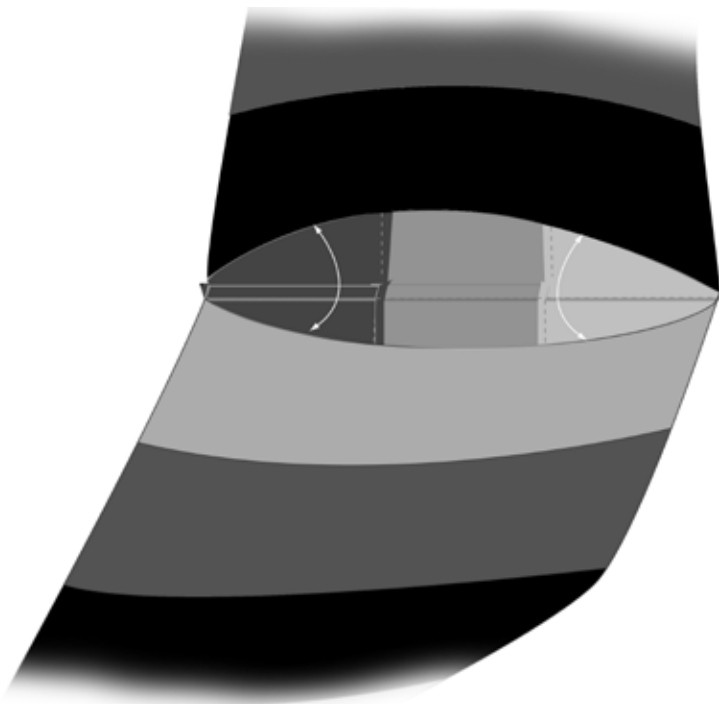

11. Twist one end over (as illustrated below).

12. Maintaining the twist, bring that end over and lay on top of other end with raw edges together. Pin together (RST) the section of each end that has the three fabric strips perpendicular to the seam line. (Like fabrics will be sewn to like fabric.)

13. RST, with 1/2" seam allowance stitch the two ends together across the three matching strips.

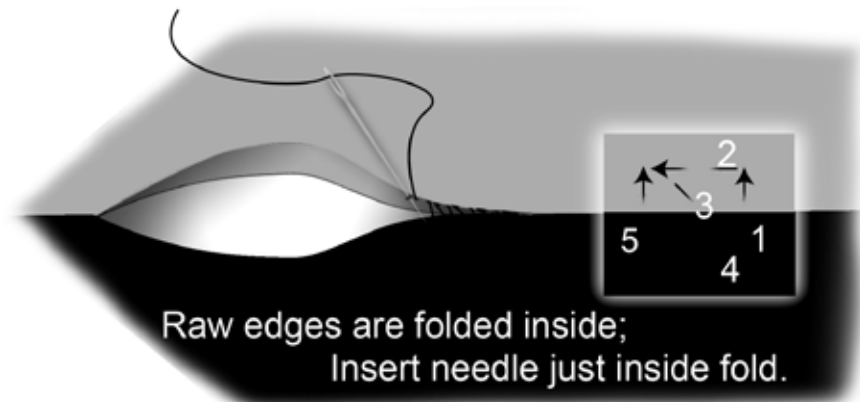

14. Turning the remaining edges of the opening, right sides together, stitch from one end of the seam in step 13 to about the middle; back stitch.

15. Starting at the other end of the opening, stitch as before as far as possible; backstitch. This step will be somewhat difficult as you have very little room to work but well worth the effort in the end.

16. There will be a small opening. Stitch closed by hand using a blind stitch.

MOEBIUS SCARF

The Moebius Scarf is one continuous spiraling loop. It's fun, fast and fascinating to make.

This scarf is versatile enough to compliment just about any outfit.

It can be worn simply draped around the neck or wound a second or third time.

MATERIALS NEEDED:

VIEW A

- 3 strips of contrasting, drapable and lightweight fabric, 6" by 81"
- Thread to match

VIEW B

- 7 strips of contrasting drapable and lightweight fabric such as polyester or silk chiffon or georgette 3 1/8" by 81"
- Thread to match
